Attorneys | Conveyancers | Notaries

Intellectual Property

We offer a comprehensive services in **Intellectual Property (IP) Law**, dedicated to protecting and enforcing the creative, technical, and branding assets of individuals, startups, corporations, and research institutions. With a team of IP attorneys, trademark agents, and independent technical consultants, we provide strategic, proactive, and enforceable solutions across the full IP lifecycle.

We understand the value of innovation and the importance of safeguarding intangible assets in today's competitive global economy. Our firm combines legal precision with industry knowledge to ensure our clients' intellectual property is protected, commercialized, and defended effectively.

Our core practice areas are:

- **Trademarks**

Trademark search, registration, opposition, and enforcement
Brand protection strategy and portfolio management

- **Patents**

Patent drafting, filing, and prosecution (national and international)
Patentability analysis, licensing, and litigation

- **Copyrights**

Registration and enforcement of literary, artistic, and software works
Licensing agreements and anti-piracy measures

- **Trade Secrets & Confidential Information**

Protection strategies, non-disclosure agreements, and litigation

- **IP Litigation & Dispute Resolution**

Representation before IP tribunals, courts, and arbitration forums

Infringement actions, injunctions, and damages recovery

- **Licensing & Commercialization**

IP due diligence, technology transfer agreements, and royalty structuring

- **International IP Filings**

Madrid Protocol (trademarks), PCT applications (patents), and copyright registration in foreign jurisdictions
